## 1 Introduction

Old Luce Development Trust (OLDT) is a development organisation that works with the community to improve the quality of life for residents of the Old Luce Parish. The company was formed in response to a community consultation undertaken in 2015 on behalf of Old Luce Community Council, aimed at engaging the whole community to identify ways to improve the social and economic outcomes within the Old Luce Parish. The impetus was that the community benefits from the surrounding windfarm developments.

The community consultation and resultant action plan identified:

- Significant socio-economic issues within the parish
- Ageing population
- Large wealth disparity
- High youth unemployment
- Loss of services
- Connectivity between communities
- Increasing social disengagement

In addition, there were common concerns of residents; the dilapidated state of the built environment, declining employment opportunities, and a need for community spaces where people can congregate. With these in mind the Trust set priorities aimed at addressing these concerns, as well as fostering greater community cohesion and engagement.

A full internal financial audit was carried out in 2023 and, as a result of this, some transactions have been moved between grants and some of the Trust's block grant award has been reassigned between projects. As a result of this, some starting balances may differ from the closing balances in the previous report. This Trustees' Annual Report covers the period April 2022 to March 2023.

## Community Action Plan

The Trust was set-up following a community action plan developed in 2015 and our projects support the four main themes of that plan. The appropriate theme for each project is indicated in the Projects section.

Theme 1: Connecting  
People

Theme 2:  
Enhancing our Natural  
Environment

Theme 3:  
Improving our Built  
Environment

Theme 4:  
Jobs and Volunteering

## 2 Governance

The Old Luce Development Trust (OLDT) was formally constituted as a Company limited by Guarantee in June 2016. The company does not have share capital and is governed by Articles of Association. The Trust became a charity at the end of June 2019.

### Trustee Recruitment and Appointment

The Trustees are the Directors of the Trust and may be a Member Director, drawn from the membership of the company, or a Co-opted Director, a non-member director appointed or re-appointed by the Directors. The maximum number of Director positions within the Trust, which are all voluntary positions, is eleven. During this financial period, all of these positions were filled. All eleven Directors may be Member Directors and no more than three shall be Co-opted Directors. The minimum number of Directors shall be five, of whom a majority must be Member Directors.

In advance of each annual general meeting, the Trust invites nominations for Directors at the same time as publicising the meeting. Whilst nominees must be members of the Trust, they may join at the same time as the nomination is submitted. Nominations may also be taken from the floor at the annual general meeting. Members then elect Directors from the nominations, by ballot where there are more nominations than vacancies, at the annual general meeting. The Directors may at any time appoint any member willing to act to be a Director. A Co-opted Director may be appointed either on the basis that he/she has been nominated by a body with which the company has close contact in the course of its activities, or on the basis that he/she has specialist experience and/or skills which could be of assistance to the Directors. The Trust currently has one Co-opted Director, who volunteered to fill a vacant position immediately following the Trust's AGM, but was not voted in by members.

At each annual general meeting, any Member appointed by the Directors and any Co-Opted Director retires from office and, out of the remaining Member Directors, three retire from office. The Directors to retire shall be those who have been longest in office since they were last elected or re-elected. A Director who retires from office shall be eligible for re-election.

The Directors elect from among themselves a Chair and a Treasurer, and such other office bearers as they consider appropriate. All office bearers cease to hold office at the conclusion of each annual general meeting, but are then eligible for re-election. Currently the Trust has a Chair, Treasurer and Vice Chair. There is also a Director with specific responsibility for HR matters and a Director specifically responsible for matters relating to the village hall. Any Directors may also take the lead on specific projects within the Trust and this is determined at monthly Directors' meetings. The Trust has sub-committees for each project, where each subcommittee is formed of the Lead Director and two or three other Directors, in order to speed up decision-making. Sub-committees are authorised to make decisions and report to the next board meeting, but major decisions remain with the full board.

### Directors

Michael Lane (Chair)  
James McClung (Vice Chair)  
Lorna McDowall (Treasurer)  
Diane Lowe (Human Resources)  
Steven Newton (Hall)  
John Plunkett  
Richard Rankin

Andrew Sloan  
Christopher Thomson  
Stephen Ogston (to 29 June 2022)  
Kenny McKinstry (to 29 June 2022)  
Adele McCallum (from 29 June 2022)  
Cheryl Garrity (from 29 June 2022 – Co-Opted)

### 3 Charitable Purposes and Activities

The Trust was formed to benefit the people who reside in the Old Luce Community Council Area including, but not limited to, the settlements of Glenluce, Dunragit, Auchencmalg, and their immediate surrounding environs.

It was founded with a set of clear objects that provide scope to invest in the community to build opportunities, and develop capacity to improve the social, built and natural environments. Whilst the Trust seeks funding from a variety of sources, it was set up with the impetus of ensuring that the community benefits from local windfarm funds.

#### Objects

1. The advancement of community development, including the advancement of rural regeneration
2. The provision of recreational facilities, or the organisation of recreational activities, with the object of improving the conditions of life for the persons for whom facilities or activities are primarily intended
3. The advancement of citizenship, as a sub-set within the wider charitable purpose of the advancement of community development
4. The advancement of environmental protection or environmental improvement
5. The advancement of the arts, heritage, culture or sciences

#### Powers

A full list of the powers of the company in pursuant of our objects can be found in our Articles of Association. These include, but are not limited to, the power to:

- manage community land and assets
- establish, maintain, develop and/or operate facilities
- purchase, lease or hire out property
- undertake projects and programmes
- liaise with various external stakeholders
- borrow money, raise and invest funds and accept grants, donations and legacies of all kinds
- employ staff and engage consultants

Village Square

## Village Square

The village square project turned a gap site within the village into a pleasant meeting place for residents, improving the built environment and providing a venue for people to meet. After a successful spring planting session, involving many community volunteers and children from the local primary school, the square formally opened on the occasion of the Queen's Platinum Jubilee in June 2022.

The finishing touches were delayed due to a national shortage of oak, but a new oak noticeboard has now been installed, along with a slate commemorative plaque.

The Trust is pleased to say that the square has been short-listed for a Scottish Civic Trust My Place Award.

OLCF allowed £835.26 from a previous grant, relating to planning, to be repurposed towards planting at the square. A further £2,022 was allocated from the Trust's OLCF Block Grant to allow an upgrade to an oak noticeboard. Expenditure included the final payments for construction works, the noticeboard and its installation, the slate plaque, planting, wall repairs to a neighbouring property and replacement of broken lighting

In the next year, the Trust will install additional oak benches under the rotunda, providing additional seating in the square.

## Dunragit Community Hub

The Trust has identified a new site for a community hub in Dunragit, as outlined in red in the image below, which has previous planning permission for a dwelling. A valuation of the site has been carried out and an offer, subject to funding, accepted.

An application has been made to the Coastal Benefit Fund of £80,000, with £50,000 from the OLCF block grant as match funding. Expenditure in this period was the valuation cost, which was drawn down from a previously awarded OLCF grant in April 2023, restoring the balance to £50,000.

## Glenluce Healthy Living Campus

The Glenluce Healthy Living Campus (GHLC) is a development on the site of the current Four Winds GP surgery and attached house, which will incorporate new paths to the Trust-owned Balkail Glen, a new GP surgery, new Lifetime homes and a potential community growers' garden. Together with the children's play area, open green space and skate park at the adjacent Lady Stair Park, the site will form a centre of health and wellbeing from cradle to grave within Glenluce.

Progress on this project has been slower than anticipated, due to dependence on the NHS for confirmation of their requirements and intentions. The NHS have engaged a consultant to appraise the need for a new medical facility in Glenluce and the preferred options to take forward. As part of their consultancy process, the NHS held a Risks & Benefits and an Options Appraisal public workshop at the Glenluce Public Hall in November and December, in which the Trust took part. A business plan will be drawn up from this consultation process and then be submitted to three levels of NHS committee. At the end of this financial period, the Trust is awaiting a copy of that business plan. It is understood that it has not yet progressed through the committee stages.

A grant of £137,003 has been awarded by Old Luce Community Fund to develop the new GP surgery to RIBA stage 3, submission of planning permission, though this has not yet been drawn down. Community-Led Economic Regeneration Fund (CLERF) funding of £34,596 was secured from the Scottish Government, via Dumfries and Galloway Council, to also take the housing part of the project to submission of planning permission and it looks likely that the Council will agree that this can be carried over to the next financial year whilst the NHS approval processes run their course. The Trust continues to actively investigate possible sources of capital funding for the project.

Rental income during the period amounted to £10,980 gross. Expenditure during the period included council tax and grounds maintenance from a previously awarded OLCF grant and a

funding strategy report from the block grant. An asbestos survey of the house, repairs and maintenance costs, and VAT payments were paid from the rental income. £7,264 of block grant income was returned to central funds to be reallocated to other projects due to the delays in progress meaning this funding was no longer required in this period.

## Brambles

At the start of this period, the Brambles building was intended to be repurposed into two holiday accommodation studio rooms and this design was taken to RIBA stage 2 by the appointed design team. Unfortunately, the only café in the village closed in spring 2022. This led to a request from the community to revert to the original idea for Brambles, which was to reopen it as a café / restaurant.

Expenditure	£23,718.45
Balance at 31 March 2023	£111,610.00
Grants awarded to be paid	£183,571.31

The starting balance has reduced from the closing balance reported in April 2022 as a financial audit identified two payments where the funds had not been drawn

down from the grant provider at the time. Grant income relates to design team fees from an Old Luce Community Fund grant awarded in a previous financial period and funds from the OLCF block grant set aside to cover construction costs. Other income relates to VAT rebates on design team costs. Expenditure includes design team fees and development officer salary, both covered by grants awarded in previous financial periods.

At the end of this period, Brambles has been stalled due to a combination of; the lack of availability of the subcommittee to meet, both with each other and with the design team, due to conflicting work schedules; uncertainty about early designs; and, concern about escalating costs. At the end of this period, the project was put on hold pending conversations with relevant industry professionals to help assist the Trust to clarify its way forward.

## Glenluce Public Hall

The Trust continues to operate a Management Agreement with Dumfries & Galloway Council for Glenluce Public Hall. During this management period, the Trust hopes to continue to develop plans towards eventual community ownership of the hall, which will only be viable if we can increase its use.

The running costs of the hall and public toilets in this period has been met from rental income and Strategic Framework Business Fund grants awarded previously. Expenditure included utilities, hall keeping and cleaning, repairs and general maintenance.

Theme 4: Jobs and Volunteering

The Trust retains £1,296.99 in donations from a local resident and the former youth group to be used in relation to the hall in the future.

## Balkail Glen and the Natural Environment

The Glen has been well managed by volunteers during this period. Our Friends of the Glen (FotG) group have continued to clear invasive laurel and rhododendron, with the very welcome help of Glenluce Primary School and initial assistance from the Galloway and South Ayrshire Biosphere. Walk and Talk sessions were held in July and 300 native regenerative species supplied by the Woodland Trust were planted, again with help from the local school.

IPA funds remaining from an earlier grant were used to provide additional benches and £1,300.40 funds remaining from the earlier railway walk grant was repurposed to cover arboriculture work.

The Trust has reconfigured its annual stipend to the Friends of the Glen group, which will now be topped up to £500 each April to purchase equipment and training, £250 of which was paid in this financial period.

When the Glen was gifted to the Trust by the Wemyss estate, the gift included small pockets of land dotted around the village, much of which is adjacent to residents' gardens and roadsides outwith the main Glen area. The Trust has a policy that it will generally sell this land to residents provided that it does not change the boundary of the main Glen site and the purchaser covers the Trust's legal fees. An independent valuation determines the sale price.

One such parcel of land was sold during the previous financial period for £4,000, £2,541 of which was received last period and the £1,459 balance was received in this period. This additional income will be used to fund improvements in the Glen.

Expenditure in this period covered timber for benches, galvanised bench frames, tools for tree planting, arboriculture work and timber for footbridge repairs.

## Community Asset Transfers

The Trust took ownership of the Woodside Industrial Estate and Units on 15 March 2022 under the Community Asset Transfer process. This asset will bring long-term income into the community, which will be reinvested in future community projects.

Grant income relates to allocations from the OLCF block grant for signage, electrical work and roof repairs. This work has been put on hold as both tenants are due to leave the site in early 2023 and the work will be more easily completed when empty. Expenditure includes safety

The Trust decided not to proceed with taking ownership of the North Street Lorry Park due to issues that arose during the conveyancing process, including lack of clarity on access rights over the site and the potential for contaminated land on the site that would be costly to clean up.

## Christmas Lights

The Trust organises the Christmas light displays in Dunragit and Glenluce. A switch on event is held each year organised by Old Luce Community Council. This year the event was combined with the Glenluce Primary School Christmas Fayre giving a much-needed extended celebration following the cancellation of previous events during the pandemic.

Grant income was allocations from the OLCF Block Grant.

The Trust purchased a storage container for the lights in this period. Unfortunately, though a legitimate supplier, the supplier's website had been hacked at the time of the purchase and these funds were lost to this fraud. Other expenditure relates to the purchase of replacement lights, partly from the OLCF block grant and partly from an earlier OLCF grant. The balance of funds is needed to pay invoices that have not yet been received in relation to installation of lights in this period and the previous period.

## 5 Financial Review

### Employment and Running Costs

As well as the specific project grants mentioned above, the Trust also receives grants in relation to general running costs and staffing.

#### Employment

Grant income in this period was allocations from the OLCF block grant. At the beginning of the period, The Trust was still covering employment costs from previous grants awarded by the Old Luce Community Fund. This changed to funding from the block grant in December 2022. Other income relates to a recharge of salary costs from a previously awarded grant for Brambles, which included Development Officer funding. The balance of funds will be used to continue to cover employment and employment-related costs, including £5,183 for training and travel costs. The Trust aims to maintain a balance of £15,000 toward salaries to ensure that employment costs are always covered six months ahead.

#### Finance

Balance at 1 April 2022	£22,604.23
Grant income	£30,602.00
Other income	£1,599.69
Expenditure	£30,622.07
Balance at 31 March 2023	£24,183.85
Grants awarded to be paid	£0.00

#### Running Costs

Grant income in the period related to allocations from the OLCF block grant. Expenditure included accounting software, utility costs, professional memberships, an oak noticeboard for Dunragit, logo'd jackets for Directors, token thank you gifts for Director birthdays (such as a box of chocolates), postage, accountancy services, local press adverts for public meetings, insurances, office supplies, professional printing and website hosting. The balance at the end of the financial period will be carried over to support running costs in the next financial year.

#### Finance

Balance at 1 April 2022	£2,590.30
Grant income	£10,474.00
Expenditure	£9,450.71
Balance at 31 March 2023	£3,613.59
Grants awarded to be paid	£0.00

#### Reserves

The Trust was able build up reserves this financial period from allocations from the OLCF block grant. The Trust aims to build up reserves to the equivalent of 12-months' running costs by 2025. The current balance will cover approximately 6-months running costs for the Trust, and the public hall.

#### Finance

Balance at 1 April 2022	£20,693.80
Income	£8,362.00
Expenditure	£0.00
Balance at 31 March 2023	£29,055.80

## Operating Reserves Policy

### 1. Scope of this policy

Charity law requires any income received by a charity to be spent within a reasonable period of time from receipt. Trustees must be able to justify reserves held to stakeholders and explain how reserves are used to manage uncertainty. This policy will also explain when reserves are to be spent and how reserves will fund future activity.

## 2. Policy Statement

OLDT requires a reserves policy to ensure the Board considers how it will secure and sustain the Trust's viability and future. There is no specific legal rule which states what proportion of a charity's funds may be held as a reserve.

## 3. The Trust

Old Luce Development Trust (OLDT) is a Registered Company Limited by Guarantee and a registered charity, SCO49400. It is run by a Board consisting of eleven volunteer Directors and is responsible for realising the wishes of the local community following a consultation carried out in 2015.

The purpose of the Operating Reserves Policy is to ensure the ongoing operations of the Trust. The Operating Reserves is intended to provide an internal source of funds for situations such as a sudden increase in expenses, one-time unbudgeted expenses, unanticipated loss in funding or uninsured losses.

Operating Reserves are not intended to replace a permanent loss of funds or eliminate an ongoing budget gap. It is the intention of OLDT for Operating Reserves to be used and replenished within 6 months.

## 4. Operating Costs

OLDT relies on grant funding to meet project costs but incurs unavoidable operational costs outwith grant funding costs. These include:

- Annual membership fees to associated bodies
- Professional fees
- Legal costs
- Insurances
- Office costs
- Standing charges

These costs add up to approximately £15,000 per annum.

Monthly staffing costs are approximately £2,550 and it is considered advisable to hold the equivalent of 3 months' salary costs in reserves as a minimum.

The Trust also has expenses in maintaining its assets, such as utility costs, grounds maintenance and arboricultural maintenance.

It is therefore considered prudent to hold a minimum reserve fund of £25,000. However, the Trust aims to create and maintain reserves to cover one year's full operating costs by 2024.

## 5. Reporting

Reserves are held openly and presented in a transparent way. Reserve levels are reported as part of the monthly Board meetings and in the Trustees' Annual Report. Reserves will be carried forward to the first quarter of the following financial year, at which stage the Board will decide on whether the level of reserves is adequate.

## 6. Review

The policy will be reviewed annually in January with any increase taking effect from April.
